

Letter of Recommendation for Sylvia Dana
FROM: Aaron Maybon
RE: Sylvia Dana
DATE: June 14, 2007

It has been my pleasure to have Sylvia Dana as a teacher at Mountain View High School for the last three years.

Sylvia was effective in the classroom and I have no concerns regarding her classroom management skills. She executed the Curriculum as outlined. She established a positive rapport with her students and their parents and consistently communicated with them. Sylvia worked well with colleagues and administration and was willing to learn from those around her.

Sylvia knows and understands the rules and regulations governing school and District policies. Decisions made by Administration are followed and carried out by Sylvia as directed without complaint.

I highly recommend Sylvia without reservations. She is a dedicated educator who always puts students first.

Sincerely,

Aaron Maybon
Principal, Mountain View High School
